'slavoj žižek thanks to the eu's villainy greece is now

May 6th, 2020 - we should also bear in mind that grexit was the enemy's plan there are even rumours that schäuble offered 50bn to greece if it leaves the eurozone what makes the syriza government so troubling is precisely the fact that it is the government of a country inside the eurozone the vehemence with which it has been

opposed is due precisely to greece s existence within the eurozone"
