### **Convention as correlated equilibrium SpringerLink**

December 16th, 2019 - Since agents are said to follow a convention if they coordinate without explicit agreement the notion raises fundamental questions  
1 Why do certain conventions remain stable over time and 2 How does a convention emerge in the first place In a pioneering study Lewis 1969 addresses these questions by applying noncooperative game theory'

### **'Convention A Philosophical Study Book Depository**

**November 12th, 2019 - Readers will be indebted to the author of this book Philosophical Quarterly The notion of convention has served philosophers since Aristotle as a convenient exploration of the arbitrary character of referential word meaning In 1936 Willard Quine pursuing the notion of analyticity called attention to the emptiness of this explanation'**
