'review stacy gregg the island of lost horses

April 24th, 2020 - stacy gregg tells a very good story i enjoyed the way the two storylines mesh and diverge connecting over the horse she does a good job of portraying 15 th century spain though with the odd anachronism like ok which sits slightly oddly in the more formal language used in these parts it s a novel stuffed with women this one in the beatriz section the only man is her father and he" island of the lost horses book
