'the future of

humanity do we have a chance

April 23rd, 2020 -
where is humanity
going from here we
should have been
building homes on
mars by the end of
the 20th century
right what hope is
there for the
longevity of the
human race there is
reason to be'

'global catastrophic risk

May 17th, 2020 - a
global catastrophic
risk is a
hypothetical future
event which could
damage human well
being on a global
scale even
endangering or

destroying modern civilization an event that could cause human extinction or permanently and drastically curtail humanity's potential is known as an existential risk potential global catastrophic risks include anthropogenic risks caused by humans technology'

'2017 the future of humanity

**May 17th, 2020 -
with a focus on the impact of digitalization this reflection examined the future of developments in machine learning**

and artificial
intelligence to
change human
behavior and
activity the
plenary assembly
was not open to the
public but the
dicastery s review
cultures and faith
will make the
fruits of the
conversations more
widely available'

nick bostrom**

May 31st, 2020 -
the extinction
scenario is perhaps
the one least
affected by
extending the
timeframe of
consideration if
humanity goes
extinct it stays
extinct 72 the
cumulative
probability of
extinction
increases
monotonically over
time one might
argue however that
the current century
or the next few
centuries will be a
critical phase for
humanity such that
if we make it
through this period
then the ' 'future of
