### 'indigenous science fiction for the anthropocene

May 17th, 2020 - as davis and todd articulate so clearly  
these environmental transformations the fleshy violent  
losses seem actually a lot like what many other people in  
the world fear will happen with climate destabilization  
when these same people portray apocalyptic and  
dystopian science fiction futures 3 given indigenous  
experiences of scholarly work on and testimonies about  
colonialism it'
